Finalmente è successo l'incredibile, Galleria **PACK** propone un artista il cui lavoro è astratto geometrico!

In occasione della prossima inaugurazione delle mostre di **SPAZIO 22**, Galleria **PACK** è lieta di presentare "*My Grain*", la seconda mostra personale dell'artista Jason Middlebrook nato a Jackson nel Michigan nel 1966 e che vive e lavora a Hudson, NY.

L'artista espone una selezione di tavole e lavori a muro in legno dipinto, realizzati tra il 2012 e il 2016.

Questa mostra segna il ritorno di Jason Middlebrook, dopo undici anni, presso Galleria **PACK**; troviamo apparentemente un altro artista ma attraverso uno sguardo più intenso non sarà difficile riconoscere quello stesso talento che avevamo incontrato a suo tempo nel corso della leggendaria **SEASON**.

Il lavoro di Jason Middlebrook è questione di pelle, quella che lui dipinge sulle tavole, dettata dalla grana e dalla forma del legno a cui si avvicina. Sono dieci anni che ha iniziato questo cammino in cui si confronta con la Natura, a volte in reazione ad essa, a volte interpretandola ma sempre nei confini che detta lei.

Bentornato Jason.

Finally the incredible happened, Galleria PACK proposes an artist whose work is abstract geometric!

On the occasion of the next opening of SPAZIO 22 exhibitions, Galleria PACK is pleased to present "*My Grain*", the second solo show of Jason Middlebrook, born in Jackson, Michigan in 1966 and who lives and works in Hudson, NY.

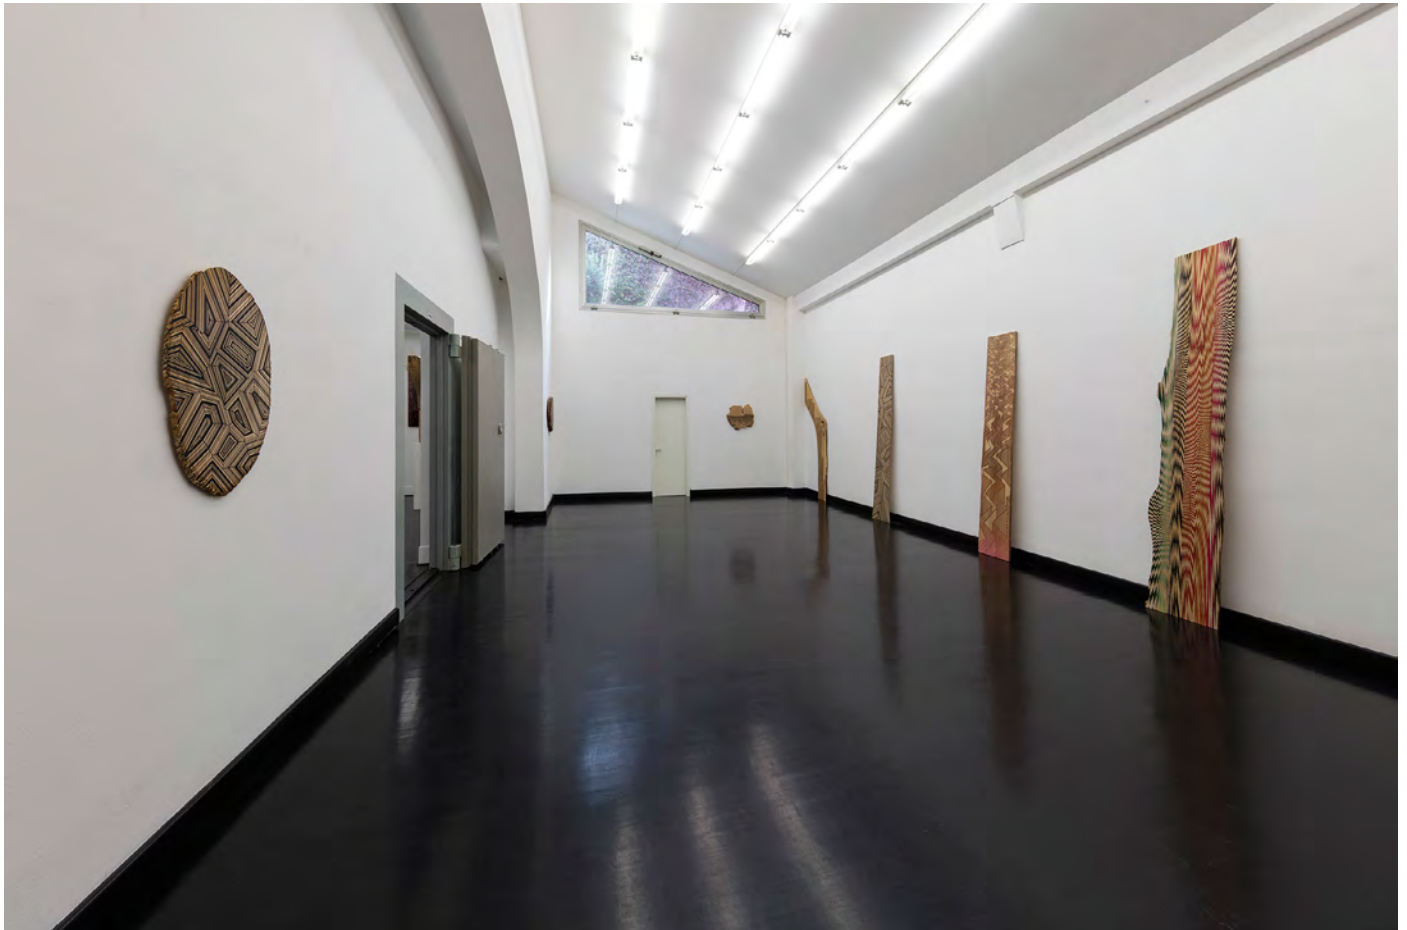

The artist exhibits a selection of planks and wall works in wood painted, produced between 2012 and 2016.

This exhibition claims the return of Jason Middlebrook, after eleven years, to Galleria PACK; we find out apparently a different artist, but if we look deeper it won't be difficult to recognize that same talent we've met some time ago, during the legendary SEASON.

The work of Jason Middlebrook is a matter of skin, the one that he paints on planks, dictated/imposed by the grain and the shape of wood, in front of it.

Ten years ago the artist began this path of dialogue with Nature, sometimes in reaction to it and other times giving an interpretation of it, but always inside it's boundaries.

Welcome back Jason.
